Presidium Inc. Recognized Among Top 1000 Fastest-Growing Private Companies for Third Consecutive Year

Education services management company ranks in Top15 for education companies; Top 100 for DC-area companies

RESTON, Va.—September 1, 2010—Presidium, the education services management company (ESM), today announced it has been ranked among the top 1000 fastest-growing private companies by *Inc.* for the third consecutive year. Presidium is number 952 on the annual ranking of 5,000 private companies in the country and is ranked number thirteen in the Top 50 education companies.

Presidium works with more than 800 colleges and universities to cost-effectively deliver academic and administrative services that students require to get and stay enrolled in college. As the demand for sustainable, technology-enabled services continues to increase on campuses, Presidium has expanded its services and technology solutions, resulting in more than 130% growth since the company was first recognized by *Inc.* in 2008.

“Inclusion in the *Inc.* 1000 for the third year in a row is a testament to the increased need for administrative efficiency and student success for our nation’s higher education providers,” said Greg Davies, founder and CEO of Presidium Inc. “Our clients’ results in core areas such as financial aid utilization, retention, and efficiency gains are always the best indicator of Presidium’s success.”
